LINEA: FUSION BATHROOM FURNITURE

Coordinated Furniture & Wall Panel Finishes

Perla Linea is a range of individual bathroom furniture which is designed to be free standing and wall mounted. The fusion element is unique in that the cabinets feature soft rounded edges, solid tops and are designed to perfectly match Perla Bathroom Wall Panels.

Linea's high gloss finishes and other design appropriate textures combined with organic curved panels and glass-like edges make this freestanding range of furniture a luxury solution.

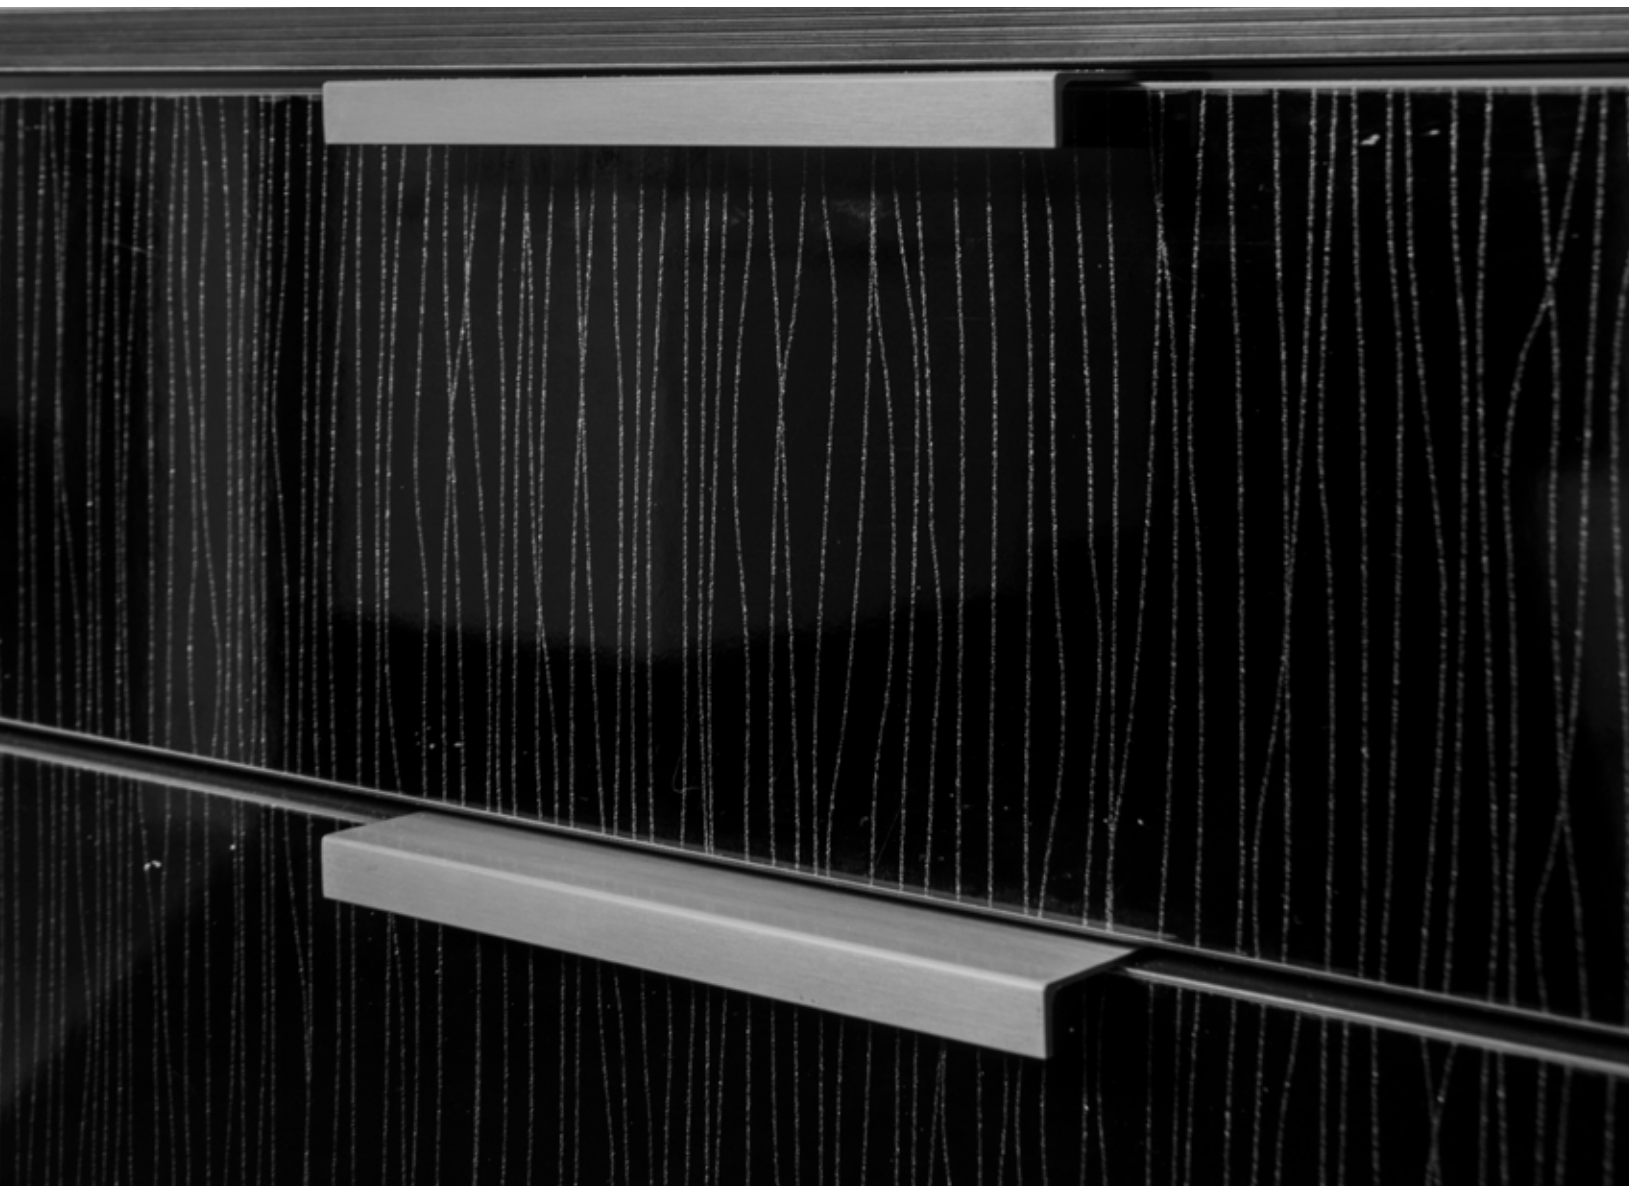

Featuring a sleek combination of wall hung tall cabinets, WC cabinets and drawer cabinets suitable for basins, Integra offers versatility in layout and a selection of high-end finishes to suit bathrooms of all sizes and styles.

You will appreciate the drawer in drawer systems which combines with full width basins for the ultimate in practicality. The tall cabinets are perfect for storage in small spaces. All the storage furniture is wall mounted for ease of cleaning and looks spectacular in both the high gloss and subtly textured finishes.

All the cabinet tops are laminate finished and we complete the range with practical wall mirror accessories for a totally integrated look.

Perla Bathroom products offer the highest standards in quality, performance and are manufactured in the UK to exacting standards.

Linea features a wide range of the latest finishes with a number of features which you will come to appreciate including drawer within drawer combinations, dedicated ceramic sink tops 600, 800 and 1000mm wide cabinets as well as a range of free standing wall and tall cabinets.
