SPACE: FITTED CONTRACT BATHROOM FURNITURE

Specially Designed To Suit The Requirements Of Contractors And Developers

PERLA SPACE Fitted Furniture is designed for use in bathrooms where a sleek fitted furniture appearance is required coupled with the additional benefits of neat and tidy storage solutions.

Manufactured from high quality MFC panels and edged with resilient ABS edgings this range is complemented by fully matching high pressure laminate postformed tops.

Cabinets are available in two depths for bathrooms and cloakrooms. Plinths are flush and all doors and drawers feature a soft close mechanism.

Doors are 18mm Gloss or Textured MFC with matching cabinet finishes. Tops are 30mm laminate or solid surfacing with matching or contrasting finishes. We offer a range of handles and additional finishing panels to complete any fitted furniture installation.

JTC Furniture Group offers over 30 years of experience in the manufacture and supply of kitchen and bathroom furniture to the private development and contract markets. We are able to supply any size of contract across the UK with the expertise of a company experienced in working with contractors and specifiers.

Perla Bathroom products offer the highest standards in quality, performance and are manufactured in our own factories in the UK to exacting standards.

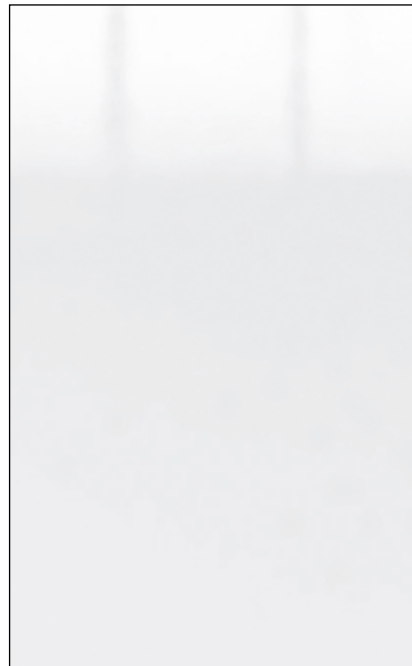

SPACE: Fitted Contract Bathroom Furniture

The fitted range of bathroom cabinets includes base cabinets with spacious drawers, basin cabinets for use with semi-inset sinks and WC cabinets designed to conceal the cistern and provide easy access for maintenance. There is a reduced depth Slimline range for use in cloakrooms and smaller en-suites. All cabinet finishes offer matching tops with postformed fronts.

Soft close doors & metal drawers
Colour matched fronts, cabinets & tops
Flush plinth on adjustable feet
Bow Handles Included
